

OPEN CALL

Espetacular - International Festival of Arts for Children invites groups and artists to send artistic proposals for its 5th edition. Due to COVID 19 this edition will be held online, in December 2020.

The curatorship aims to gather spectacular proposals from various artistic languages that can be carried out virtually. We are searching for artistic proposals that use the virtual environment in a different way and promotes important reflections. We are looking for works that are capable of proposing offline actions to our public even within a virtual environment. Something digital that stimulates something real.

We will select presentations, workshops, concerts, lectures, mini festivals and proposals for lives in the following áreas: **VISUAL ARTS + HANDICRAFT + AUDIOVISUAL + CIRCUS + DANCE + DESIGN + FOLKLORE + GASTRONOMY + LITERATURE + MUSIC + OPERA + THEATER.**

The curatorship will be carried out by Bebe de Soares and Michele Menezes and the number of selected attractions depends on the budget possibilities of the event.
